

ATLAS ELEKTRONIK

WELCOME TO A
STRONG AND
DEPENDABLE
PARTNERSHIP.

ATLAS EMS is ATLAS ELEKTRONIK GmbH's competence centre for development, production and service, with headquarters in Bremen.

ATLAS ELEKTRONIK is a subsidiary of thyssenkrupp.

More than 1,000 specialists from a wide range of technical and scientific disciplines work together in safeguarding the quality and performance of our products - from design through manufacture and up to service - during the entire life cycle.

Our customers confirm that our support has been instrumental to them in reaching many of their goals.

Talk to our experts when you too want to achieve so much more.

ENGINEERING ANSWERS

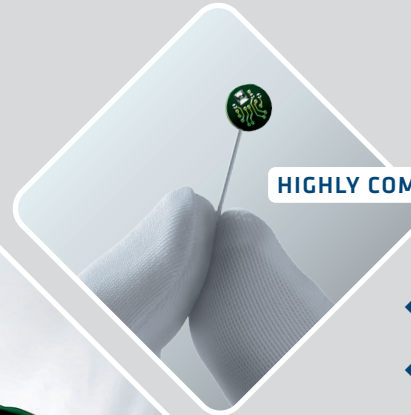

Think differently.
Create successful solutions.

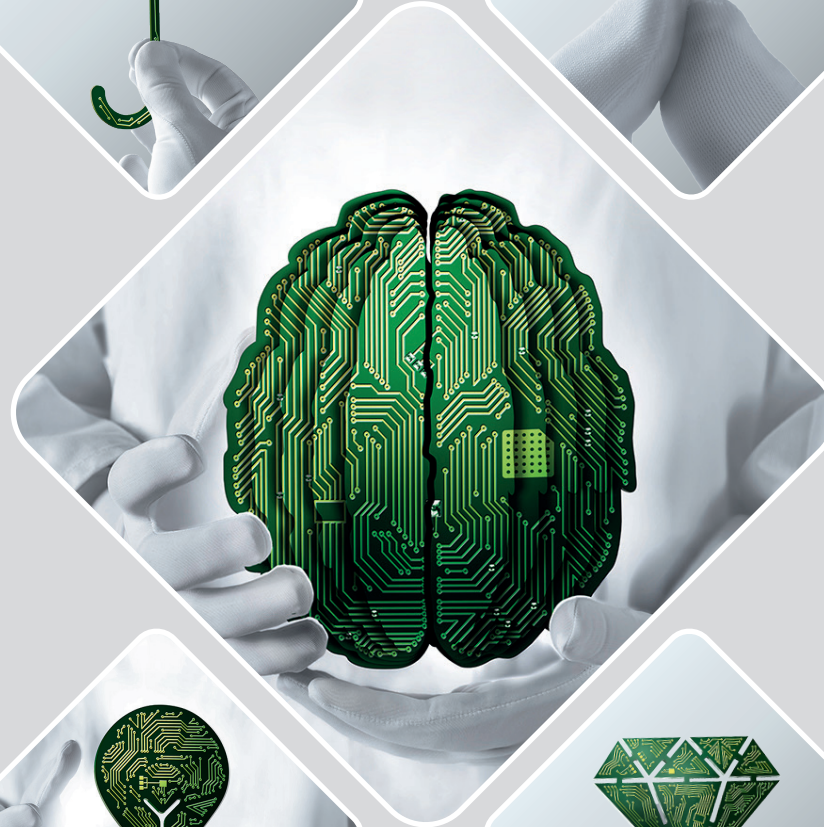

PROTECTION FOR GREATER SECURITY

- ◆ Certified to EN9100:2018
- ◆ All quantities:
 - Prototypes
 - Small series
 - Medium series
 - Large series
- ◆ Everything from a single source:
 - Development, design
 - Thermal simulation
 - Production, testing
- ◆ Miniaturization
 - e.g. BGA solder joints \varnothing 0.12 mm
- ◆ Rigid, Rigid-Flex, Flex
- ◆ 3D-SPI, 3D-AOI
Flyingprobe
In-circuit test
Functional test
X-ray

HIGHLY COMPLEX ELECTRONICS FOR TIGHT SPACES

- ◆ Project work
- ◆ 4 certified IPC trainers
- ◆ 150 IPC-certified employees
- ◆ Coating, casting
- ◆ Assembly of units
- ◆ Environmental simulation
- ◆ EMC laboratory
- ◆ Emanation tests
- ◆ Test system development
- ◆ Over 100 years of experience
- ◆ Securely positioned for the future
